

Enforcement rules for Network application Focused Course Program of the School of Information Technology at Ming Chuan University

Passed at the Academic Affairs Committee Meeting on May 18, 2017

Article 1. In accordance with the Procedures for Establishing Cross-school, Cross-department, and Cross-disciplinary Degree and Course Programs, Enforcement rules for Network application Focused Course Program (hereinafter called the rules) were established so that this program might cultivate students' understanding of network application technologies and developments.

Article 2. The program committee consists of 5 to 7 committee members from the relevant departments, and one member shall be elected as the convener by and from the entire membership of the committee. The program committee is responsible for program curriculum planning.

Article 3. The responsible department for this program is the Department of Information and Telecommunications Engineering, the School of Information.

Article 4. The list of the required courses and the associated credits must be reviewed and approved by the Department Curriculum Committee Meeting, School Curriculum Committee Meeting and University Curriculum Committee Meeting and the Academic Affairs Committee Meeting, and then implemented after being approved by the president.

Article 5. All undergraduate students of Ming Chuan University can apply for this program through MCU Student Information System and be admitted upon approval.

Article 6. Students enrolled in this program must complete at least 20 credits. Among them, at least 6 credits shall come from the outside of the departments of the student's original major and minor degree. After the completed credits are reviewed by the Department of Information and Telecommunications Engineering, the certificate will be issued by the University.

Article 7. With the exception students in the Teacher Education Program who are eligible to extend their study period in accordance with regulations outlined in Procedures for Establishing Teacher Education Centers, if students taking the program related to these rules meet the requirements for graduation in their original department or graduate program but have not completed the credits required for the program, they are limited by regulations outlined in University Law and may not extend the number of years required for graduation.

Article 8. The program will be reviewed periodically by the School of Information, including the numbers of applicants, certificates obtained, and students' satisfaction levels. Revision or termination of the program shall be made according to the assessment results.

Article 9. For any reason termination of the program shall be made, an explanation document is required, which shall be passed at the Academic Affairs Committee Meeting, and approved by the president, the termination shall be announced and implemented.

Article 10. Matters not covered in these rules will be dealt with in according with the General Provisions for Study which have been established at this institution, and other relevant regulations.

Article 11. Upon being passed at the Department Affairs Committee Meeting, School Affairs Committee Meeting and Academic Affairs Committee Meeting, and approved by the president, these rules may be announced and implemented. Any revision must follow the same procedure.
